DEPARTMENT OF PUBLIC SERVICE

Public Service Announcement

September 24, 2015

DPS will be flushing water mains on the low service in the west end next week. The following areas will be affected starting Tuesday, September 29th, over the course of approximately two weeks:

Chestnut St and all other streets west of Clinton St. This includes the City-operated water system located in the Town of Oneonta as well.

During flushing, water users may experience a change in water color and/or pressure. This is a common, temporary occurrence and is not a cause for alarm.

For questions, please call the Department of Public Service at (607) 432-2100.
